# MORE SAFETY, MORE COMFORT, MORE TRIPS, MORE PROFITS.

Mahindra BLAZO X is one of the most comfortable truck in India. It's built with the knowledge that drivers are the actual wheels of Indian transport and they spend half their lives inside the cabin. Which is why this truck comes with a host of features to make every drive more safe and comfortable. Like the 4-point suspended cabin that truly enhances driving comfort. And the controls that are ergonomically located to reduce effort inside the cabin.

**TILT & TELESCOPIC STEERING**

The tilt & telescopic steering allows drivers to adjust the steering to their convenience. A wide windshield and large rear view mirrors provide greater visibility. And the anti-lock braking system ensures greater braking control even at higher speeds. In other words, this is a truck built for safe, fatigue-free driving which means fewer stoppages by drivers, more distance covered in less time and improved turnaround time.

**DRIVER INFORMATION SYSTEM**

The new Mahindra BLAZO X range also comes with a car-like Driver Information System (DIS) that gives critical vehicle information to the driver in real-time. Apart from the engine RPM, temperature, speed and fuel levels, it has brake pressure, trip kilometre, diesel consumption per kilometre, battery voltage, service reminders and other important details.

**6-SPEED GEAR SHIFT**

**9-SPEED GEAR SHIFT**

**ANTI-LOCK BRAKING SYSTEM**

**COMFORTABLE SLEEPER BERTHS**

**COMFORTABLE 3-WAY  
ADJUSTABLE SEATS**

Note: In view of our policy of continuously improving our products, we reserve the right to alter specifications or design without prior notice and without liability. Illustrations do not necessarily show the vehicle in its standard form. Accessories shown are not part of the standard equipment. Colour shades shown may vary. E. & O.E.

# TECHNOLOGY THAT MAKES BLAZO X THE FRONT-RUNNER.

**LIFT AXLE WITHOUT FULL LOAD**

**BOGIE SUSPENSION**

**RADIAL TYRES**

**LIFT AXLE WITH FULL LOAD**

We've anticipated the most unpredictable conditions while building our trucks. That's why these trucks have several features that deliver solid performance consistently. Like the TAG/PUSHER LIFT AXLE that reduces wear and tear of tyres no matter the load, no matter the road. A BOGIE SUSPENSION to help you negotiate different load and terrain conditions. A 395 mm CLUTCH that's bigger and ensures better clutch life. A HEAVY-DUTY EATON/ ZF GEARBOX 6S/9S for better performance, safety and effortless driving experience. The CHASSIS, S-cam AIRBRAKES with 10 BAR PRESSURE and REAR LEAF SUSPENSION make this vehicle an extremely sturdy and reliable choice right from day one. A HEAVY-DUTY FRONT AXLE has been fitted in for trouble-free operation for many years. The design of all these aggregates is such that they are durable, deliver consistent performance and require minimal maintenance.

**STRONGER CHASSIS FRAME**

**REFINED CLUTCH SYSTEM**

**EFFECTIVE BRAKING SYSTEM**

**COMPOSITE HEADLAMPS**

Gives better focal length and visibility while its filament remains intact and damage-free even on the roughest roads

**HIGHER SERIES PROPELLER SHAFT IN TIPPERS**

2055 series propeller shaft for better power transmission to drive axle. Rear-axle side end connection increased to T180 to maintain modularity due to common flange dia.

**HIGHER SERIES PROPELLER SHAFT IN HAULAGE**

The upgraded center bearing kit helps in compacting 2000 series and avoids the entry of dust. Increased length of the propeller shaft improves flexibility on rough terrains. Upgraded drive shaft to 2055 series for better power transmission.

**FRONT FACIA WITH WIDER GRILL**

Wide spaced grills so air can enter easily and cool the radiator at all times

**BIGGER HDPE DIESEL TANK**

## INITIATIVES THAT GIVE EXTRA POWER TO INDIAN TRANSPORT.

**TOUR DE CHAKAN:** This is a one-of-its-kind initiative that presents customers a unique tour of Mahindra's state-of-the-art Chakan plant. So they can see the entire truck manufacturing process, the technology and quality control that goes into making Mahindra's trucks the outperforming machines that they truly are.

**D-EXCEL:** Mahindra Truck and Bus is working with the Indian Institute of Management, Ahmedabad, to develop a programme that provides guidance, new thinking and techniques to help transporters improve their business and cover specific areas ranging from profitability to better customer experience, data driven decisions, people management etc.

**MAHINDRA TRANSPORT EXCELLENCE AWARDS:** The Mahindra Transport Excellence Awards turn the spotlight on excellence in the transport industry. Over the years, the awards have consistently widened their scope by adding new categories to recognise and reward excellence in many more areas of Indian transport.

**MPOWER:** Launched in association with the Indian Institute of Management, Ahmedabad as the Knowledge Partner, MPOWER helps young professionals in the transport industry meet today's challenges and take their business to new heights. The programme has received widespread appreciation in the Indian transport industry and has seen over 401 young transport entrepreneurs completing the course.

**MPOWER WAR ROOM:** They say that learning isn't complete till it is actually applied. That's exactly the idea behind the MPOWER WAR ROOM. Through this programme, participants can present how they have applied their MPOWER learning and advanced their family transport businesses. The programme also gives participants an opportunity to learn from each other's experiences and build deeper ties with one another. Also conducted in association with IIM - Ahmedabad, the WAR ROOM has seen two editions and nearly 50 participants.

**MPOWER MENTORS SUMMIT:** This is a collective learning programme specially designed to empower the mentors of the Indian Trucking Industry. It offers industry veterans a platform to share their views on transport with other fleet owners, seasoned professionals and also interact with the IIM-A faculty to discuss and guide the next generation of transporters.

**MAHINDRA SAARTHI ABHIYAAN:** Staying true to Mahindra's philosophy of 'Rise', Saarthi Abhiyaan, a unique social project was started. It supports truck drivers and their families through health camps, scholarships, driver training programmes and more.
